Product short description:

The E27 bakelite lampholder kit is used to assemble a wall, table or ceiling lamp.

Bakelite is a thermosetting resin, named after its inventor, and immediately evokes the telephones, radios and everyday objects of the 1950s and 1960s. It's light, durable and, when painted, very shiny!

The E27 bakelite socket kit is for you if :

- you like the brilliant colour of bakelite
- you want a simple lamp holder that shows off your bulb and leaves it visible.

To configure and complete the E27 bakelite lampholder kit:

- use the menus to define their characteristics
- find out how to fit the lampholder using the special tutorial
- complete your lighting installation with components, accessories, bulbs and textile cables.

Warning! Cable clamp NOT included.
