EAN13: 8057730176002

UPC: -

Product short description:

The Bakelite E14 lampholder kit is used to assemble a wall, table or ceiling lamp. Bakelite is a thermosetting resin named after its inventor and immediately evokes the telephones, radios and everyday objects of the 1950s and 1960s. It's light, durable and, when painted, very shiny!

The Bakelite E14 lampholder kit is for you if:

- you need to use a bulb with an E14 lampholder
- you like the brilliant colour of bakelite
- you want a simple lampholder that highlights your bulb and leaves it visible.

To configure and complete the Bakelite E14 lampholder kit:

- use the menus to define their characteristics
- complete your lighting installation with components, accessories, bulbs and textile cables.

Warning! Cable clamp NOT included.
