Product short description:

4000k

Power	Voltage	Angle	Temperature
25W	230V	120°	4000K
Lumen		2375	

The "Loren" floor lamp (Hollywood range) is made up of two chrome bars that criss-cross to create a futuristic-looking structure - an eye-catching design that's sure to liven up your interior wherever you install it. The inner edge of the bars is edged with LED chips that provide a beautiful warm white light. The chromed base of the Loren lamp, 230mm in diameter, is weighted to prevent it from falling.
