

# LED Driver 8-24W \* 1 - 240 mA / 12-72 VDC

## 8-24x1W-Small

AC176-265V  
DC12-72V  
240mA  
67\*33\*22mm

Product price:

**€4.56 tax included**

Product codes:

Reference: A2524

## Product short description:

|               |                             |
|---------------|-----------------------------|
| Power         | Output voltage              |
| 8-24 * 1W     | 12-72V DC / 240mA           |
| Input voltage | IP protection               |
| 175/265V      | 20                          |
| Dimmable:     | Dimensions*: (mm)           |
| No            | (L x W x H): 67 x 33 x 22mm |

Universal driver specially designed for Downlight, LED tiles and ceiling lights and other products that use a dimmable or non-dimmable LED driver.

An LED Driver transforms AC mains current into DC current to light up the LED chips.

To find out whether a driver will work with our luminaire, PCB or panel, you need to check the driver's output voltage and current.

**ATTENTION you must consult the driver's output voltage and current.**
