Product short description:

CCT by colour temperature selection

Power	Temperature	Lumens
21W	3000K / 4000K / 6000K	2125
Angle	Voltage	IP protection
120°	230V	20

The Ivalo 20W Metal LED Pendant CCT is the perfect option for adding that extra touch to your space. Made from aluminium, this lamp has a modern, minimalist design. It has a light output of 85lm/W and an aperture angle of 120°. It is also equipped with a dimming system CCT, allowing you to choose the colour temperature between warm white, neutral white and cool white. With its elegant, modern, minimalist and sophisticated look, it becomes a design creation that will fit in perfectly with the style and room you are trying to decorate. You can place it in a wide range of spaces, such as dining rooms, kitchens, bedrooms, hotel corridors, shops, etc.
