Product short description:

The luminaire is sold without a bulb.

The Alton suspension in smoked glass creates a beautiful cohesion between the black upper part and the beautiful round shape, giving the series great elegance. The smoked glass and the delicate shapes give off a warm, soft light, making for pleasant illumination. Glass is very much in vogue in interior design, and the combination of glass and matt black metal gives Alton an elegant look.

The glass in this lamp is mouth-blown and individually hand-crafted. Because of this unique process, air bubbles can appear in the glass and the thickness of the glass can also vary. This is what gives the glass its character and lively appearance.
