Product short description:

The luminaire is sold without a bulb.

Kanlux GALOBA is a complete range of luminaires, including suspended luminaires (GALOBA C), wall lights (GALOBA W) and fixing accessories for walls and ceilings. Kanlux GALOBA C pendant lights can be used to illuminate islands or tables, while wall and ceiling lights (from 1 to 4 points of light) can be used in a living room, hall or bedroom. The arrangement can be completed by wall lights with the switch in the base. All the luminaires in the GALOBA range have a removable lampshade so that the light sources can be changed quickly and easily. The maximum height of the light source in GALOBA luminaires is 55 mm.
