Product short description:

The luminaire is sold without a bulb.

The Kanlux NEDIA E27 table lamp can be used as a desk lamp, a night light or as additional room lighting. The design of this lamp is so universal that it fits perfectly into a young person's bedroom as well as a living room or bedroom. You can decide for yourself how much light you want, thanks to the possibility of changing the E14 bulb. The steel housing and on/off switch on the power cord are additional features.
