- ACORD 30w spotlight accessory
- Angle aperture: 15
- Dimensions (Ø x L): Ø 75 x 41 mm

Kanlux ACORD ATL 1 are luminaires designed for mounting on three-phase rails and can be adapted to specific requirements. It is possible to choose between a white or black finish, two electrical powers (20W and 30W), colour temperature and light diffusion angle (as standard 60°, but it is possible to opt for a reflector for a diffusion angle of 15° or 36°) depending on whether you wish to light a general surface or highlight a particular detail. Kanlux ACORD ATL 1 has a life of 50,000 hours with a 5-year guarantee. Fitted with components from recognised brands (LED COB and power supply), combined with a high level of colour rendering (CRI>90) and low glare (UGR
