Product short description:

4000k

Power	Temperature	Lumens
7W	4000K	360
Angle	Voltage	IP protection
0x90°	230V	54
Detector	Dimensions:	
No	See description	

The main advantage of the Kanlux REKA LED is its visually interesting lighting effect, created by adjusting the angle of the luminous flux. By using masking shutters, it is possible to change the angle of incidence of the light at the top and bottom of the luminaire. Kanlux REKA LED can be used for interior lighting and building facades thanks to its IP54 waterproof rating.
