## Product short description:

The luminaire is sold without a bulb.

The minimalist Tilo series exudes Nordic elegance with its rigorous design and clean lines. The narrow lamp head emits a precise downward light. Thanks to its distinctive character in ash and matt metal, Tilo is perfect for stylish, modern interiors.

The 5-piece Tilo suspension lamp in black metal and black-painted ash is the perfect lamp above a long dining table, as the five lamp heads provide good functional downward lighting.
