Product short description:

The luminaire is sold without a bulb.

Grant creates a balance between simplicity and elegance. Its superb, luminous glass dome is encircled by a frame that creates a perfect, decorative unit. Grant also responds to current design trends by using brass and opaline white glass.

The glass in this lamp is mouth-blown and individually hand-crafted. Because of this unique process, air bubbles can appear in the glass and the thickness of the glass can also vary. This is what gives the glass its character and lively appearance.
