Product short description:

The luminaire is sold without a bulb.

The Hollywood series has a nostalgic feel to it: it evokes a time when crystal was part of the décor, a material that has been rediscovered in recent years as a decorative element. With its many facets, Hollywood offers a sparkling expression that contributes to an elegant atmosphere, creating an exclusive and pleasant ambience.

The glass in this lamp is mouth-blown and has been individually hand-crafted. Because of this unique process, air bubbles can appear in the glass and its thickness can also vary. This is what gives the glass its character and lively appearance.
