Product short description:

The luminaire is sold without a bulb.

Ivona is a reinterpretation of the classic chandelier, challenging traditional perceptions with a more organic and contemporary style. Ivona emits beautiful light from a number of enchanting glass balls for a modern, extravagant style.

Black steel and smoked glass create a trendy, industrial style. Add a decorative bulb to create your own stylish expression.

The glass in this lamp is mouth-blown and individually hand-crafted. Because of this unique process, air bubbles can appear in the glass and the thickness of the glass can also vary. This is what gives the glass its character and lively appearance.
