Product short description:

The luminaire is sold without a bulb.

Ivona is a reinterpretation of the classic chandelier, challenging traditional perceptions with a more organic and contemporary style. Ivona emits a beautiful light from several enchanting glass balls for a modern and extravagant style.

The combination of brass and opal glass creates a glamorous and elegant design expression. The glass in this lamp is mouth-blown and has been individually hand-crafted. Because of this unique process, air bubbles can appear in the glass and the thickness of the glass can also vary. This is what gives the glass its character and lively appearance.
