Product short description:

The luminaire is sold without a bulb.

The Jelly suspension luminaire has no superfluous details. Its shape is simple and the glass gives it a seductive expression. Jelly is made up of two layers of glass, with an inner shade in opaline white glass and an outer shade in clear glass, diffusing a soft, warm light. The brass top is a small, elegant detail that gives an exclusive expression to the suspension. Jelly is perfect above the dining table or in a corner to set the mood.

The glass in this lamp is mouth-blown and individually hand-crafted. Because of this unique process, air bubbles can appear in the glass and the thickness of the glass can also vary. This is what gives the glass its character and lively appearance.
