

# Dimmable LED panel with remote control 595 x 595 40W

40W

PF 0.90

Product price:

**€67.44 tax included**

Product codes:

Reference: K52353CCT  
EAN13: 8435427133734  
UPC: -

## Product short description:

Power	Lumens	Voltage	Angle	Dimmable
40W	4000	230 V	120°	yes by remot control.

**Warning! For this LED panel to work properly, we recommend that you turn off your switch and control it directly using the remote control supplied.**

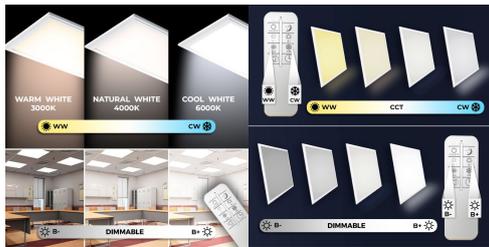

**(whether for one panel or several panels).**

The CCT 60x60cm flat LED panel combines sleek design and cutting-edge technology to provide powerful, even, glare-free lighting. Thanks to its high luminous efficacy (100 lm/W), it has a power of 40W, adjustable up to 4000 lumens, and a CRI>80 for optimum light quality.

This panel includes a remote control for adjusting light intensity and colour temperature, from warm white to cool white, thanks to its CCT system. The remote control operates on 2 AAA batteries (not included) for easy, convenient use.
