EAN13: 5704924017421

UPC: -

Product short description:

The luminaire is sold without a bulb.

Detector	Dimensions:
No	See description

The Aleria model is a small lamp that takes up very little space while providing correct functional light. Thanks to its soft shapes and elegant design, this lamp is highly decorative in an outdoor space. Aleria is made from brass and is ideal for the driveway, front door or garage.

This product is part of our " Designed For Seaside " (suitable for coastal areas) range, made from highly durable materials to withstand the harshest coastal weather conditions.

Over time, exposure to wind and weather gives brass a beautiful darker patina.
