UPC: -

## **Product short description:**

The luminaire is sold without a bulb.

Detector	Dimensions:
No	See description

Pontio is a series of outdoor lamps by Danish design duo Says Who with a clean architectural design. The geometric shape adds a modern yet timeless expression to your interior, while the sloping shade offers a unique and interesting look from every angle. The large light plate is the perfect place to illuminate the house number or resident's name. Slightly textured matt surface in painted aluminium.
