The Linton series by Danish design duo Says Who has a round, elegant design with obvious references to the classic lantern. It has a ribbed diffuser that provides a pleasant, diffused light and a brass base that is perfectly suited to the elements. The wall light creates the perfect ambience for your outdoor spaces.

This product is part of our " Designed For Seaside " (suitable for coastal areas) range, made from highly durable materials to withstand the harshest coastal weather conditions.

Over time, exposure to wind and weather gives brass a beautiful darker patina.
