Helford is inspired by the harsh Nordic climate with its raw nature and raging sea. This maritime design underlines the raw, rustic character of this wall light and makes Helford a decorative lamp perfectly suited to lighting a front door, garage or fence.

This product is part of our " Designed For Seaside " (suitable for coastal areas) range, made from highly durable materials to withstand the harshest coastal weather conditions.

Over time, exposure to wind and weather gives brass a beautiful darker patina.
