120°	230V	44
Detector	Dimensions:	
Yes	See description	

Nestor's beautiful minimalist shape makes it a modern and timeless wall light. The lamp has an integrated LED that has a long life and consumes little energy. What's more, the lamp can be mounted in parallel with several other lamps, making Nestor an extremely functional light. Nordlux offers a 5-year guarantee on the LEDs.

Nestor is equipped with a sensor that automatically switches the lamp on when there is movement. So it doesn't stay on unnecessarily, making it a practical and energy-efficient lamp.
