Product short description:

The luminaire is sold without a bulb.

Feniks is a collection of modern ceiling and wall lights. They are perfect for rooms where a fairly light, slightly smoky light is desirable. Ultra-modern and Scandinavian interiors will go well with Feniks lamps. There's no single destination for them - they'll do well in the kitchen, the hallway, even the bedroom. The imitation wood panel is an interesting detail that makes these modern lamps stand out from other collections.
