Product short description:

The luminaire is sold without a bulb.

The PABLO collection includes narrow pendant lamps created from an interesting combination of materials - steel and wood in classic colours. The black and wood versions will fit in perfectly with the raw elegance of loft spaces, while the lamps combining white with a warm shade of wood are perfect for bright, Scandinavian and modern settings. Thanks to their simple shape, PABLO lamps will subtly complement rather than overshadow the whole interior. Will you find a place for them in your home?
