Glossy Table lamp Opale E27

Product price:

€265.12 tax included

Product codes:

Reference: 2020505001
EAN13: 5704924001024
UPC: -

Product short description:

The luminaire is sold without a bulb.

- Glossy is characterised by its sophisticated, tasteful design. Designer Maria Berntsen has created a table lamp that exudes Nordic minimalism. What's more, the combination of exclusive materials (marble, brass and white opaline glass) make this an incredibly elegant table lamp. Glossy takes its name from the glossy white opal glass surface of its shade, which lets in a soft, pleasant light.
  Because marble is a unique natural material, the lines, colours and patterns can vary from one lamp to another. That's part of the charm of using natural materials.
