Product short description:

The luminaire is sold without a bulb.

- Mademoisellesthis light, by the Danish design studio Mavro/Lefèvre, presents a fun, light-hearted design expression in which the round, oversized lampshade is balanced by a solid marble base. Light is reflected upwards onto the base of the shade, creating a soft, indirect ambience.

Marble is a unique natural material, so lines, colours and patterns can vary from lamp to lamp. That's part of the charm of using natural materials.
