Angle Black E27 pendant light

Product price:

€119.92 tax included

Product codes:

Reference: 2020673003
EAN13: 5704924003035
UPC: -

Product short description:

The luminaire is sold without a bulb.

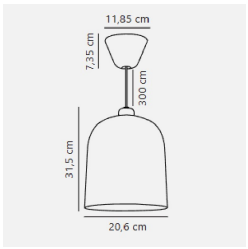

- Angle is an exclusive light with an industrial look, designed by Danish artist Maria Berntsen. The special feature of this lamp is that the light beam can be directed by means of a magnet mounted on the wire. The lamp is magnificent within a group of several lamps oriented differently. The effect is magnificent and helps to create a lovely atmosphere in the room.
  The grey-white Angle suspension lamp is very modern and has a wide range of applications. You can use it to light a reading corner or the kitchen, for example, because you can direct the light where you need it.
