

# Adjustable Driver for LED Panel 40W 60X60 30-42VDC 970mA

Product price:

**€10.00 tax included**

Product codes:

Reference: LM9038

EAN13: 8435579790380

UPC: -

## Product short description:

|                  |                               |
|------------------|-------------------------------|
| Power            | Output voltage                |
| 40W              | 30 -42V DC / 970mA            |
| Input voltage    | IP protection                 |
| 180/240V 50/60Hz | 20                            |
| Dimmable:        | Dimensions*: (mm)             |
| No               | (L x W x H): 120 X 45 x 30 mm |

Universal driver specially designed for Downlight, LED tiles and ceiling lights and other products that use a dimmable or non-dimmable LED driver.

An LED driver transforms the mains alternating current into direct current so that the LED chips can be lit.

To find out whether a driver will work with our luminaire, PCB or panel, you need to check the driver's output voltage and current.

**ATTENTION** you must consult the driver's output voltage and current.
