

Driver led 1x3W 3.6VA 350mA

Product price:

€6.86 tax included

Product codes:

Reference: 1440

EAN13: 5905339014405

UPC: -

Product short description:

Power	Output voltage
3 * 1W	3.6V DC / 350mA
Input voltage	IP protection
220/240V 50/60Hz	20
Dimmable:	Dimensions*: (mm)
No	(L x W x H): 40 x 28 x 23 mm

Universal driver specially designed for Downlight, LED tiles and ceiling lights and other products that use a dimmable or non-dimmable LED driver.

An LED driver transforms the mains alternating current into direct current so that the LED chips can be lit.

To find out whether a driver will work with our luminaire, PCB or panel, you need to check the driver's output voltage and current.

ATTENTION you must consult the driver's output voltage and current.

The Kanlux ADI electronic power supply unit, with a maximum permissible case temperature of 75°C and current stabilisation of 350mA DC, is equipped with short-circuit and overload protection, as well as thermal protection that shuts down the power supply unit once the

temperature exceeds 110°C.
