Product short description:

The E27 thermoplastic lampholder kit with double ring nut is used to assemble a wall, table or ceiling lamp with shade.

Compared to bakelite, thermoplastics have a matt finish and are very light.

The E27 thermoplastic lampholder kit with double ring nut for lampshade is made for you if:

- you intend to use a shielding element
- you want a simple lamp holder at a smart price.

To configure and complete the E27 thermoplastic lampholder kit with double ring nut for lampshade :

- use the menus to define their characteristics
- complete your lighting installation with components, accessories, bulbs and textile cables.

Please note! Cable clamp NOT included.
