Product short description:

The luminaire is sold without a bulb.

Orbiform exudes exclusivity and glamour. The series combines brushed brass with a pentagon-shaped glass dome adorned with pretty diamond motifs that emphasise the sparkle of the glass and create a unique lighting effect in the room. The pretty glass harkens back to the days of crystal interiors, which are once again a popular feature of interior design.

The Orbiform suspension lamp helps to create an elegant atmosphere and a pleasant ambience. Hang it over a dining table, a coffee table or in a dark corner of the living room, where the light pattern will reflect beautifully off the wall. The decorative brass bracket completes the decorative look.

The glass in this lamp is mouth-blown and individually hand-crafted. Because of this unique process, air bubbles can appear in the glass and the thickness of the glass can also vary. This is what gives the glass its character and lively appearance.
